Generating Reports

Reminder: Your reports can be located in the **Reporting Library**. The Reporting Library is comprised of five components that allow you to view a list of reports and queries and the purpose of each.

Report and Query information is available:

- ◆ Directory
- ◆ SQR Library
- ◆ EBI Library
- ◆ Query Library
- ◆ nVision Library

Emory Business Intelligence

Tip: SpeedType is now available as an excluded column in **Revenue & Expense Transaction Detail** and **Labor Transaction Detail**.

Tip: To learn how to add excluded columns to a report, watch our customizations e-learning, available in ELMS.
